D & D Next has become the Basic Rules (2014). They are available as a free PDF download. [from this page](#).

For some reason, the newest rule books list the spell descriptions in alphabetical order. All of them together. This is a real pain since the Cleric spells are intermixed with the Mage spells and none of them are in level order. I fixed that. This is my [Spell cards](#). Four spells to a page, some, with longer details are two to a page. Print, cut and make a spell book.

There will also be a complete set of books at about \$40 each. <http://www.wizards.com/dnd/RPG.aspx>
